

## LET'S GO!

### ATHENS

Not everyone worships at the altar of a good beach – some of us would rather head straight to the temple. If you are of this ilk, Athens is a safe bet, weighed down as it is with handsome, historic baggage. For ideal proximity to the capital's ancient ruins, try stylish newbie The Modernist, where some hot-tub-laden suites point to the Acropolis itself. Rooms from £100pn. ### CRETE

This newcomer *might* be Hilton's most fashionable property yet. The Royal Senses Resort & Spa Crete – Hilton's first foray on the island – is in its chic Curio Collection, whose hotels strive to reflect the authentic energy of their locales. Here, this manifests in blissful bedrooms, four restful pools and an on-site shop showcasing the best of Greek designers. Rooms from £149pn. [hilton.com](http://hilton.com)

### MYKONOS

A summer opening with its mitts on some killer Mykonos real estate, Destino Pacha Mykonos is on a mission to impress. This new Pacha resort – the first Greek venture for the Balearic super-brand – is staking its claim as the island's hottest party address thanks to an enviable beach club – that's pure DJs and daiquiris. Wellness credentials (starring yoga classes and Cycladian healing massages) balance out the hedonism. Rooms from £225pn. [destinopachamykonos.com](http://destinopachamykonos.com)

### MILOS

Scoring a reservation at Skinopi Lodge isn't always easy task, which is why it's a good job this seaside spot is unveiling four new villas in the summer. Surrounded by lavender-scented hiking trails and snorkel-friendly sea caves, owner Nausika Georgiadou is a big advocate of slow and thoughtful tourism, so sit back and relax into your VIP sunset-seat – every villa has one. Villas from £260pn. [skinopi.com](http://skinopi.com)

### SANTORINI

Opening its hilltop doors this May, OMMA Santorini's 25 intimate rooms and suites are free of surrounding properties – a rare luxury anywhere, let alone in Greece. Its white-washed spa cave is what one might imagine heaven looks like, while entry-level maisonettes show off with plunge pools and two king-sized beds. At the other end of the spectrum, its Infinity Suite is a masterclass in spaced-out simplicity. Rooms from £473pn. [ommasantorini.com](http://ommasantorini.com)

# EVERYBODY'S TALKING ABOUT GREECE...
