

TM x THE BOTANICAL PROJECT

The Art of Eco-Printing on Silk

A centuries-old natural dyeing technique reimagined as a simple, creative, and enjoyable workshop. Participants explore the history of silk, learn to properly prepare and mordant fabrics, and discover which plants produce the most vibrant and lasting colours. Each guest creates and dyes their own 100% silk scarf (50 × 50 cm) to take home.

WORKSHOP INCLUDES

- One 100% silk scarf (50 × 50 cm)
- All necessary materials and equipment
- Natural dye plants and botanical materials
- Step-by-step guidance throughout the process

Duration – 2 hours · Language – Greek & English
